Project Based Engagements

Institutional Infrastructure

The definitive tier of legal protection, providing the comprehensive architecture required for high stakes, multi-practitioner, and founder led aesthetic medicine institutions.

Advanced Clinical Governance Package

Designed for established aesthetic clinics requiring full operational support, senior regulatory oversight, and complex facility inspection management.

Includes all Market Entry & Clinical Operations services,

- **End-to-End Regulatory Strategy:** Holistic assessment and continuous compliance monitoring across relevant health authorities.
 - **Full Legal Structure Development:** Comprehensive advice on structuring the business to maximise operational efficiency and compliance.
 - **Comprehensive Licensing Management:** Professional handling of all applications and formal communications with health authorities.
 - **Complete Document Architecture:** Full assistance in preparing detailed proposals and all necessary documentation for licensing applications.
 - **Facility & Fit-out Compliance:** Comprehensive oversight of fit-out processes, ensuring alignment with Civil Defence, Municipality, and health authority requirements.
 - **Advanced Policy Architecture:** Development of robust clinical and operational policies, including data protection, patient confidentiality, and emergency response protocols.
-

Clinical Excellence & Scaling

Institutional grade frameworks designed to protect high value clinical practices, ensuring total regulatory alignment and operational integrity as you scale.

Elite Clinical Infrastructure

Our most comprehensive engagement: a future-proofed legal framework delivering total operational integrity and an elite standard of clinical governance.

Includes Market Entry, Clinical Operations & Advanced Clinical Governance services.

- **Advanced Clinical Architecture:** Development of bespoke clinical governance, patient safety, and infection control manuals tailored to institutional standards.
 - **Information Governance & Data Protection:** Full implementation of Data Protection (PDPL) and patient confidentiality frameworks to protect the clinic's most sensitive assets.
 - **Institutional Operational Framework:** Bespoke HR and staffing policies paired with robust financial and billing compliance protocols.
 - **Specialised Clinical Protocols:** Comprehensive development of Telemedicine, remote consultation, and equipment management manuals.
 - **Reputational & Commercial Safeguards:** Advanced marketing, advertising, and social media compliance policies to secure the brand's position in the market.
 - **Crisis Management & Incident Response:** Structured, institutional-grade procedures for complaint handling, patient feedback, and emergency response.
-

Project Based Engagements

Emergency Response & Crisis Support

Rapid response legal triage designed to protect your practice, reputation, and licence during immediate clinical or regulatory incidents.

Post Incident Emergency Support

A high-intensity, short-term engagement providing immediate legal management for clinical incidents, patient complaints, or urgent health authority investigations.

- **Urgent Legal Triage:** Same day crisis call to establish immediate do's and don'ts.
Fact-Finding & Assessment: Rapid fact-finding and legal risk assessment of the incident.
 - **Communication Strategy:** Guidance on patient communication and social media reputation management.
 - **Document Control:** Review of medical records from a legal lens and guidance on documentation.
 - **Regulatory Response:** Drafting of written responses and a regulator-specific defence strategy.
 - **Defence Positioning:** Complaint defence positioning and direct coordination with clinic management.
-

Ongoing Legal & Compliance Retainers

Our monthly retainers provide proactive legal and regulatory oversight for active aesthetic medicine practices, supporting day-to-day operations and commercial decision-making as your clinic evolves.

Operational Legal Support

Ongoing assistance covering commercial contracts, supplier arrangements, and day-to-day operational decisions to manage commercial risk.

Governance & Compliance Oversight

Continuous oversight of internal policies, practitioner licensing, and facility standards to ensure constant alignment with DHA, DOH, or MOHAP regulations.

Strategic & Risk Advisory

Senior level input to support expansion, manage patient disputes, and assess regulatory shifts, providing structured guidance for institutional growth.

Monthly Retainer Packages

-

Aesthetic Medicine Training Programmes

Specialised programmes designed to heighten regulatory awareness, mitigate professional liability, and equip clinical teams for high-stakes inspections and complaints within the aesthetic sector.

Regulatory Foundations

Practical understanding of UAE aesthetic medicine regulation, clinical licensing limits, and professional obligations. Designed to ensure practitioners avoid inadvertent breaches and operate confidently within approved clinical scopes.

Clinical Risk & Liability Management

Advanced training focused on reducing legal exposure, managing procedure complications, and protecting professional standing. Emphasis on documentation discipline, informed consent protocols, and proactive risk mitigation.

Inspection & Investigation Readiness

Strategic preparation for clinics to respond to health authority inspections, patient complaints, and enforcement actions. Covers regulator engagement, evidence handling, and reputational risk control within the aesthetic medicine landscape.

Clinical Compliance & Risk Workshops

Legal Foundations for Aesthetic Practice

Core legal awareness for safe and compliant aesthetic practice in the UAE.

Regulatory Framework: Navigating DHA / DOH / MOHAP requirements for aesthetic medicine.

Licence Boundaries: Understanding scope of practice and professional licence limits.

Liability Mapping: Clear distinction between individual doctor vs. clinic liability.

Clinical Standards: Informed consent standards and medical record safety.

Format: Interactive Workshop (3–4 hours).

Aesthetic Compliance & Liability Management

Managing legal risk in day-to-day aesthetic clinic operations and patient interactions.

Adverse Outcomes: Legal management of complications and adverse patient outcomes.

Defence Documentation: Using medical records as a primary legal defence.

Promotional Compliance: Regulated advertising, before/after images, and promotions.

Digital Risk: Social media and influencer compliance for aesthetic brands.

Conflict Resolution: Managing complaints, refund requests, and regulator queries.

Format: Interactive Workshop (3–4 hours).

Investigations, Incidents & Crisis Readiness

Advanced legal preparedness for high-risk investigations and serious clinical incidents.

Enforcement Actions: Navigating regulatory investigations, hearings, and interviews.

Negligence Exposure: Managing serious injury, medical negligence, and malpractice risk.

Crisis Response: Strategic handling of suspensions, closures, and record seizures.

Reputational Defence: Protecting brand integrity during clinical or regulatory crises.

Defence Strategy: Drafting written responses and formal regulator engagement.

Format: Executive Workshop (Full-Day).
